

Remarks

In this amendment, the Specification has been amended to correct informalities. Replacement drawing has been submitted to correct a typographical error. Claims 1-11 are pending in this application. Applicants thank the Examiner for the detailed review in the Office Action dated March 16, 2005.

I. Objection to the Specification:

The objection of Specification was due to informalities. The Examiner stated that on page 4, paragraph 6, line 23, the word "tyvek" should be "Tyvek". Applicant has amended the specification to correct the typographical error.

II. Drawing Objection:

In the drawings, Figs. 4 was objected to because box element "460", should be labeled "detector". This has been corrected, and the drawings are in compliance with 37 CFR § 1.121(d). An Annotated Sheet and a Replacement Sheet are submitted herewith. No new matter has been added. Accordingly, the objection may be withdrawn.

III. Allowable Subject Matter:

In the Office Action dated March 16, 2005, the Examiner stated that claims 1-11 have been allowed. Applicants thank the Examiner for the finding of allowable subject matter.

IV. Conclusion:

All issues having been addressed, it is respectfully submitted this application is in a condition for allowance. Please contact the undersigned representative if there are any questions regarding this application.

Respectfully submitted,
